TARGETED SOLUTIONS

# You are Safe, in Clipper Oil Hands

With our expertise, we mitigate supply risk and ensure seamless refueling, positioning us as an ideal industry partner. As the shipping sector advances rapidly, traditional operational challenges persist alongside emerging technologies. We grasp the significance of a comprehensive understanding and our role in our clients' operations. Through ongoing process improvement, we empower customers to achieve operational excellence. Moreover, our future vision involves digitizing these processes to deliver top-notch services, enabling customers to embrace the next era of smarter operations.

COMPETITIVE PRICING

# Price Positioning Done the Right Way

Volatility in prices, changes in regulations, supply chain shocks and geopolitical tensions have turned the bunker fuel market into the structure of a highly dynamic and rapidly changing industry.

By combining our deep knowledge of forward pricing with specialised insights into bunker prices and current market situations, we are equipped to make the best recommendations to our customers. To support them in all endeavours, we offer financial solutions and credit. And as we continuously strive to understand our clients better and offer valueadding pricing opportunities, we work towards providing segment-specific value propositions, ensuring that our customers benefit from the best possible service and solutions to meet their individual needs.

ETENSIVE SERVICES

# From our Clipper Family to Yours

Established in 1985, Clipper Oil has been a proven supplier of quality marine fuels, lubricants, and services to the maritime community serving many ports throughout the Pacific Ocean. We offer competitive, current pricing, and attractive payment terms to our customers around the world.
